Dear Parents/Caregivers,

We welcome these new students and their families into our school.....Walter and Braxton Brazendale, Kyle and Jayden Taylor.

Foureyes Foundation-Vision Screening for Schools.

The Foureyes Foundation is a registered charity lead by optometrist Ravi Dass. The Foundation's mission is to help identify and solve vision problems that can affect learning and enjoyment.

Mr Foureyes is coming to Dargaville on 21st and 22nd September to carry out vision screening of our students. The screening will provide families with a printout that they can take further to an optometrist. 30% of students potentially have some sort of undiagnosed vision issue - these are the numbers that have been found by similar programmes carried out in other areas of New Zealand.

This is a **free** screening, and we would like all our students to take advantage of this service. We propose to bus our Te Kopuru School students into Dargaville.

Please complete and return to the office by Friday.

Name: _____

Approval for vision screening: Yes No

\$2.00 bus fee included Signed _____
